

# Executive Leadership

## Cybersecurity starts at the top.

Today's corporate environment requires business leaders to think critically about the cyber risks facing their organizations. CyberVista offers customizable and off-the-shelf cyber risk management training solutions for board members and executives to increase cyber literacy and effectively manage risk.

Leaders can feel empowered to make sound cybersecurity-related business decisions with training developed and delivered by a team of industry experts and curriculum adhering to the FAIR Institute risk quantification model.

### CYBER LITERACY

## Executive Awareness Training

A security awareness training program designed to address the needs, business behaviors, and potential cyber risks senior executives regularly face. It includes five (5) dynamic on-demand video modules that can be completed in 30 minutes.

<b>Module 1</b>	Why Executives?
<b>Module 2</b>	The Blackmarket
<b>Module 3</b>	Cybersecurity on the Go
<b>Module 4</b>	Targeting Strategies
<b>Module 5</b>	Privacy Protection

### INTERACTIVE TABLETOP

## Practice What They Breach™

A hands-on cyber breach tabletop exercise to test senior leadership's ability to make quick decisions based on limited real-time information. This is a high-touch, configurable solution involving in-depth consultation to ensure the exercise addresses the specific cyber issues affecting your business and the direct responsibilities of key stakeholders.

<b>Length</b>	1.5-2 hours
<b>Format</b>	On-site, Live Online
<b>Topic</b>	Configurable to Vertical, Industry, or Breach Scenario

### RISK MANAGEMENT

## Cyber Risk Seminars

A comprehensive deep dive on how to effectively monitor and manage cyber risk, and help meet compliance requirements. Using our Cyber Governance Framework, leadership will be armed with the knowledge and tools to better measure, manage, and report on cyber risk from a business perspective.

<b>Length</b>	1-2 hours
<b>Format</b>	On-Demand, Live Online
<b>Topic</b>	Over 25 Cybersecurity Focus Areas
<b>Resources</b>	Downloadable Assets and Take-Home Exercises

## Our Framework

---

CyberVista's Cyber Governance Framework provides a structured approach for senior leaders to view and manage cyber risk. Our framework is the amalgamation of familiar enterprise risk management processes and the National Institute of Science & Technology's Cyber Security Framework (NIST-CSF). Our approach simplifies cyber risk concepts across three main units: Prepare, Monitor, and React.

Our cybersecurity training programs for executive leadership are endorsed under the FAIR Standard and are based on the NIST Workforce Framework for Cybersecurity.

## Designed for Leaders

---

### Who Should Participate:

- Chief Information Security Officers or Chief Security Officers
- C-Suite Executives
- Risk Managers
- Board Directors
- General Counsel
- Business Unit & Functional Managers

## About CyberVista

**CyberVista is a cybersecurity training and workforce development company.** Our company was established in 2016 based on a profound need to change the way organizations identify and develop cybersecurity talent.

**Our data-driven approach** gives organizations the visibility to make better training decisions, build the right skills, and drive defense.

"After coming to this [Executive Leadership] program, I'll be able to go back to my board and really engage at a different level."
